

PROYECTO FIN DE CICLO DAW2:

SCRUM SHEET:

This sheet wants to inform about the roles of the project.

In this case, the Scrum master will be M.^a Belén Gil, and the rest of the roles will fall on me. So I am the product owner, Stakeholder, and the development team.

Then, for the scrum methodology, I will use trello, to mark the sprints, and the daily and scheduled work.

Thanks for read, Raul.
